

iBEAM introduces the iWitness Construction Security Camera

JULY 2009

Contractors have asked for a job site security camera, and iBEAM responds!
[iBEAM iWitness Construction Security Camera](#) is the easy way to add 24/7 video surveillance to your job site security strategy.

NEW!

Around-the-clock video recording
9 times the resolution of standard security cameras
4-, 7-, and 14-day video capacities available
Live video from the job site

Plus ... the features you've come to expect from iBEAM Construction Cameras:

- Easy set-up and helpful customer support
- Start-to-finish online photo archive
- Monthly and end-of-project time-lapse movies
- Rent or purchase

[Click here](#) or call **800.403.0688** for more information about the iWitness camera system.

Whitepaper: A Proactive Approach to Stopping Job Site Theft and Vandalism

Construction theft hits everyone hard, with 95% of contractors experiencing theft at least once a year. A small loss can create major problems, especially when the project is on a tight schedule. Large losses can devastate a construction company.

[Click here](#) to download iBEAM's latest whitepaper, which explores how video surveillance and other security measures help contractors fight back.

There is an iBEAM Construction Camera for every project...

iBEAM[®] Time-Lapse Pro[™] captures high-resolution images for a detailed Image Archive and stunning 1080p time-lapse movies. Just mount, point, and plug in. [Learn more...](#)
